

# JerseyCTF IV Sponsorship Opportunities

## YING WU COLLEGE OF COMPUTING

### About JerseyCTF

The NJIT Ying Wu College of Computing (YWCC), in partnership with the NJIT Information and Cybersecurity Club (NICC), Association for Computing Machinery (ACM), and Secure Computing Initiative (SCI), are pleased to present JerseyCTF IV.

During JerseyCTF, teams from colleges and universities around the world showcase their technical skills and passion for security by solving jeopardy-style challenges in 24 hours. Students realize the full potential of the skills they've curated in class and from their hobbies, while learning to collaborate and adapt in a high-speed environment on real-world cybersecurity challenges.

### When and Where?

- Saturday, March 23<sup>rd</sup> and Sunday, March 24<sup>th</sup>, 2024
- Virtual Competition with In-Person Attendance

### Why Sponsor?

JerseyCTF sponsorship allows companies to interact directly with a highly-trained talent pool and develop relationships to facilitate future engagement. JerseyCTF also provides an opportunity to promote your tech solutions, obtain new, innovative ideas and build your brand with a captive audience.

### About the Ying Wu College of Computing (YWCC)

As the only college of its kind in New Jersey, the Ying Wu College of Computing (YWCC) builds on decades of dedicated computing education and research. YWCC is the largest computing program in the New York City region with over 4,600 students and graduates approximately 1,000 computing professionals each year, yet our classes remain small, averaging about 30 students.

Our faculty are engaged in cutting-edge research in areas ranging from networking and computer security to big data analytics, to bioinformatics, gaming, AI and virtual reality. Our students have access to mobile devices, high-end workstations, game development software, robots, and networking equipment – both wired and wireless. Our students are groomed for a wide range of employment options, and most will end up working at the best companies, often before graduation.

For more information, please contact Dina Anello, Director of External Relations, Ying Wu College of Computing at [danello@njit.edu](mailto:danello@njit.edu), 973.596.5332, or contact [jerseyctf@njit.edu](mailto:jerseyctf@njit.edu).
